The screenshot shows a Windows Explorer window displaying the contents of a RAR archive named "IDM 6.12 Final Build 12 Full.rar". The archive is unpacked and contains three items: a folder named "..", a folder named "Patch", and an application named "idman612.exe". The application file has a size of 4,621,536 bytes, a packed size of 4,567,601 bytes, and was modified on 04-Sep-12 7:28... with a CRC32 value of 2C7374D2.

Overlaid on the Explorer window is the "Internet Download Manager Installation Wizard" dialog box. The dialog box has a title bar with the text "Internet Download Manager Installation Wizard" and a close button. The main content area features a graphic of a globe with data lines on the left. The text in the dialog reads: "Welcome to Internet Download Manager Setup program. This program will install Internet Download Manager on your computer." Below this, it says: "It is necessary to close all web browsers before running this Setup Program. Click Next to continue installation." A "WARNING" section follows, stating: "WARNING: This program is protected by copyright law and international treaties. Unauthorized reproduction or distribution of this program, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under law." At the bottom of the dialog, there are two buttons: "Next >" and "Cancel".
